Terms

DISCOUNTS... Prices quoted are net. In view of extremely low prices no discounts are given. However, on all orders amounting to \$2.00 or more, EXCEPT SPECIAL COLLECTIONS, received before March 1, 1936, accompanied with full remittance, we will add gratis, a bulb or bulbs to the value of 50c. **This offer positively void after March 1, 1936.**

TERMS... Remittances must accompany all orders in the amount of \$2.00 or less. Orders for more than this amount will be accepted on a deposit of 25% and will be shipped C. O. D. for the balance. On all orders sent C. O. D. customer is required to pay for the actual transportation charges and the amount charged by the Express Company or Post Office Department for handling C. O. D. shipments. Orders for less than \$1.00 not accepted as these can only be filled at a loss. Send bank draft, express or postal money order, or if more convenient for you, we will accept your personal check. 50 bulbs of a variety may be purchased at the 100 rate.

GUARANTEE... We guarantee safe arrival of all shipments. All our bulbs have been inspected by our State Department of Entomology and have been given a certificate as **FREE FROM GLADIOLUS THRIPS and DISEASES**. We also guarantee that each variety will be true to name.

QUALITY... We exercise great care in growing and caring for the bulbs at all stages. All bulbs sent out are strictly young stock. Our curing and storing methods are also superior. All this goes to make **QUALITY**. Your success depends upon quality and our success depends upon yours. Kunderd Gladioli grow and will produce marvelous results.

TRANSPORTATION CHARGES... We prepay shipping charges on all retail gladiolus orders forwarded during the regular shipping season which begins soon after February 15th. Earlier shipments can be made if desired, but these go forward express charges collect to insure against freezing.

CLAIMS FOR SHORTAGES... These should be made immediately upon receipt of goods.

SUBSTITUTION... From many years experience, we have found that when out of certain varieties ordered, the customers prefer the substitution of a similar or better variety, rather than a refund. Therefore, we carry out this plan. If you do not wish any substitutions, please advise when placing your order.

SPECIAL COLLECTIONS... Special collections of named varieties (labeled), collections of only Ruffled varieties or collections of only certain colors will be made up for any customer who may wish our aid in deciding what to plant. Please state choice of colors, varieties you have grown and amounts you wish to buy.

CANADIAN SHIPMENTS... Because of the regulations of your Government, please obtain a permit for the importation of bulbs from the Destructive Insect and Pest Act Advisory Board, Ottawa, Ont. They will furnish you with the shipping label which you will please forward to us for affixing on your order.

IRIS and PEONIES... We grow approximately 35 acres of peonies and iris of the **WORLD'S FINEST VARIETIES**. We can make early spring delivery, provided the order reaches us no later than March 20th. Orders received after that date will be entered for shipment in the regular season. The iris shipping season begins last of June and the peony shipping starts in September.

Gladioli are Easy to Grow

Any good garden soil is suitable for gladioli although they do like a sandy loam best. In preparing the soil follow only such methods as you would give a fine crop of garden vegetables. However you will be rewarded for any special care given them in the way of cultivating, fertilizing and watering.

It should be remembered that Gladioli enjoy sunshine and should not be planted in very shady places. Plant in rows, beds, borders, among shrubbery, roses, other flowers, etc., or in separate groups.

Planting should begin any time after early garden-making, followed by successive plantings at say ten day intervals until early July. Set the bulbs four inches deep and from four to eight inches apart. The very finest blooms come from the earliest and the latest plantings. These gladioli have the opportunity of coming into flower when the days are somewhat cooler and they really make much nicer flowers than in the terrific hot summer days.

Complete cultural instructions including information on insect and disease control will be included with each order. You will find this information very much worthwhile for it tells you just how to care for your bulbs throughout the entire year, including the harvesting and storing of the bulbs so you will have fine gladioli for the next season.

Kunderds Win Again

K

UNDERD GLADIOLI, the grand champions of them all, again scored big winnings at the National Gladiolus Show, sponsored by the American and Indiana Gladiolus Societies, at South Bend, Indiana last August. The pictures below show just two of the prize winning Kunderd entries. The coveted A. G. S. Perpetual Challenge Cup for the second time was won by Kunderds. The Indiana Gladiolus Society's Perpetual Challenge Cup, given as an Achievement Award, and the Vaughan Seed Store's Silver Medal, as a Special Achievement Award, both went to our firm. Then too, a Kunderd origination, Predominator, was selected as the Champion Spike of the show. It was a great show and competition was keen, but Kunderd Gladioli again proved themselves worthy of their trade-mark "KUNDERD GLADIOLI STAND SUPREME".

You will find that gladiolus prices vary considerably and so does quality. Above all, please remember "price follows quality" and there is always a very definite relation between them.

In comparing prices, you will see that Kunderd Gladioli do not cost more, and when you see the way they flower, their productiveness, and their remarkable high quality, you will readily see they are by far the cheapest gladioli you can buy. We spare no expense in producing the finest gladiolus bulbs grown. Our large, modernly equipped storages were especially constructed so the bulbs could be handled to the very best advantage.

There are Kunderd Gladioli to fit every need and every purse. On page 7 we have tabulated many of the outstanding Genuine Kunderd Gladioli which can be purchased at prices paid for ordinary kinds. An analysis of the catalog will disclose there are 101 varieties listed at 5c each, 36 kinds at 8c each, and 46 varieties at 10c each. Besides these, all the others are priced very moderately.

Remember, the Gladiolus is fashion's flower. For cutting as well as for decorative garden effects it has no equal for beauty and showiness. It is no more effort to grow the very finest gladioli than the ordinary sorts. Hundreds of the best varieties and types are available only in the exclusive Kunderd Originations.

We assure you we will do everything possible to insure your complete satisfaction with every purchase made from our firm.

Presenting New Gladiolus Creations for 1936

by A. E. KUNDERD INC., Goshen, Indiana

GIANT SALMON - 1936

a deep golden-yellow with blending of orange. Two large red throat blotches on lower petals make a very attractive appeal, drawing the attention of everyone. This variety is intensely ruffled and carries a very graceful placement of florets. Stalk and plants are of heavy substance. A variety that should be included in every collection. **Each \$2.00.**

VIOLET DELIGHT (Pl.). Beautiful shade of lavender-violet. Lower two petals are a glowing creamy-yellow forming very conspicuous blotches. Indeed fine in every way. **Each \$3.00.**

WINTER DAY (Pr. Grand Ruf.). Large flowers intensely ruffled and of excellent form. A beautiful white tinged cream on lower petals. **Each \$1.00.**

APRICOT LASSIE (Lac.). Glowing apricot, the lower central petal being a goldenrod-yellow with a very slight feather of orange. **Each \$3.00.**

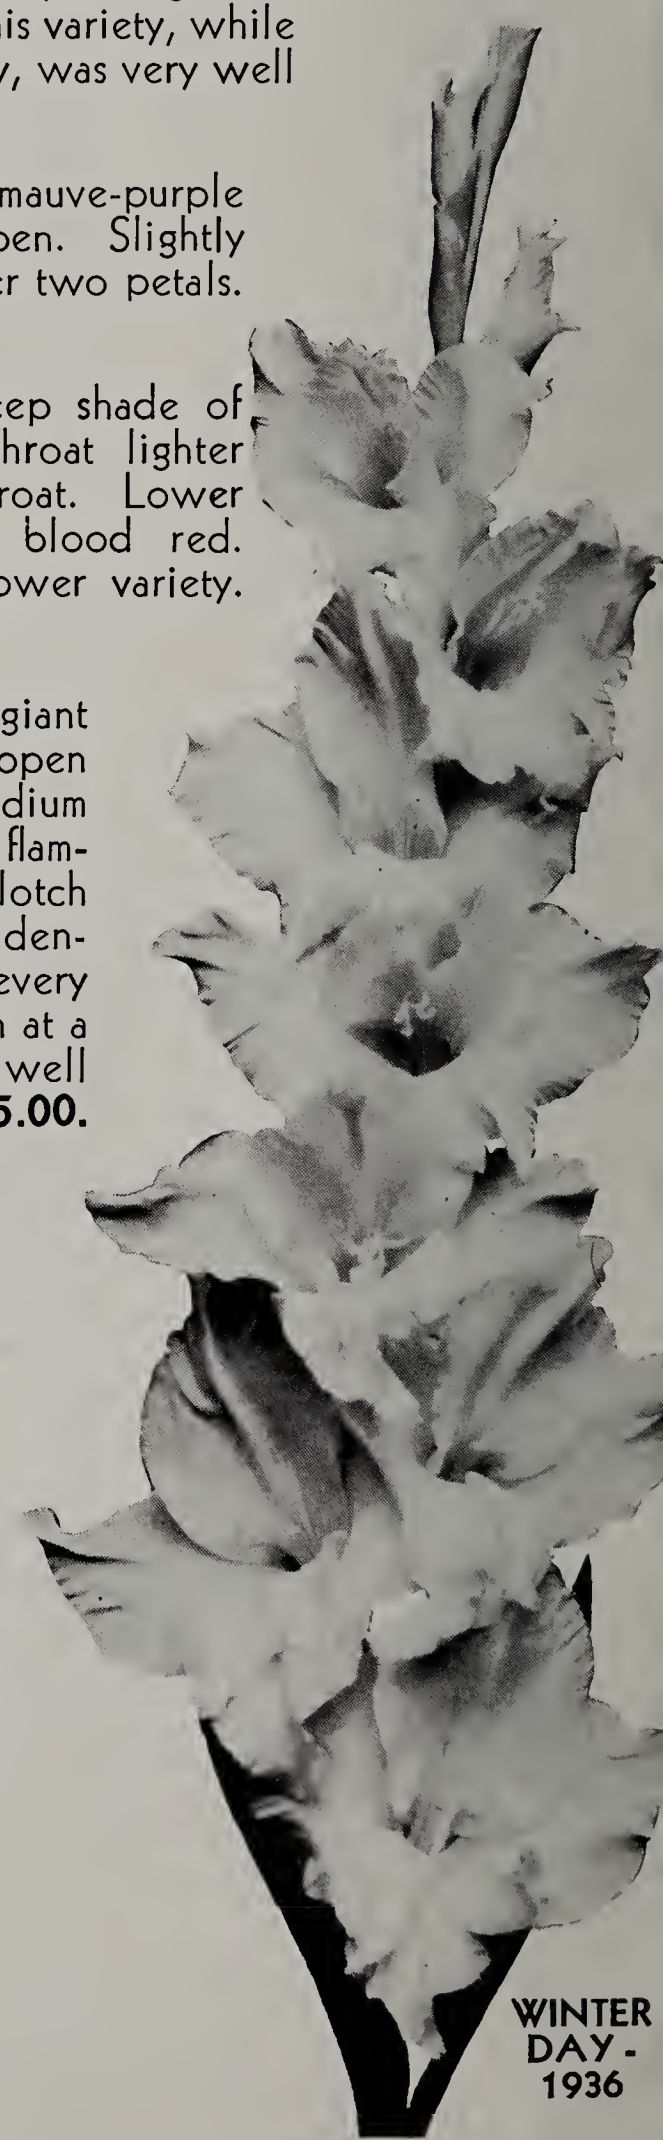

AUTUMN GLORY (Ruf.). Tall giant plant with erect spike making excellent flower. Color a deep brownish-red ground slightly lighter in throat. Two deep blood red lines on lower petals blend perfectly with ground color. In recent flower shows, this variety, while in competition as a seedling entry, was very well liked. **Each \$2.00.**

BURGUNDY (Ruf.). A deep large, mauve-purple Gladiolus with 8 to 10 florets open. Slightly deep markings of dark red on lower two petals. **Each \$3.00.**

CAPT. TOM WADE (Ruf.). Deep shade of American Beauty rose color. Throat lighter blending to light pink deep in throat. Lower throat petals feathered a deep blood red. A beautiful exhibition and cut flower variety. **Each \$2.00.**

GIANT SALMON (Ruf.). Large giant flower intensely ruffled with wide open pointed petals. Ground color a medium salmon. Two lower petals blotched a flaming scarlet glowing outward from blotch and interspread with a deep golden-yellow. This variety is a beauty in every way and with the many florets open at a time promises to be an exhibition as well as a commercial Gladiolus. **Each \$5.00.**

SOUTH BEND (Ruf.). By popular vote of the many thousands of people who attended the National Gladiolus Show at South Bend, Indiana, this variety was selected to be named after their city. The spike carries ten or more florets open at one time with color showing on all buds on balance of spike. Ground color

HERE'S HOW TO SAVE

- Buy bulbs by the 10 or 100 of a variety for these prices are very much lower than the single price. 50 bulbs are sold at half the 100 rate.
- This is the most economical way to buy. Then too, the added bulbs of the same variety will give you ample blooms to exhibit in your local flower shows or to make up bouquets of certain colors.
- Be sure to consider the Collection on page 9 — "SPEND A DOLLAR AND DOUBLE YOUR MONEY."
- KUNDERD'S FAMOUS MIXTURES are the last word in gladiolus mixtures. Note their attractive low prices. See pages 16 and 17.
- \$2.00 buys a collection of 36 Glorious Gladioli, all different and all labeled. A real bargain. Offered on page 21.

A Decorative Basket of Kunderd Gladioli

April 17, 1935.

"As you say, it is really a pleasure to plant Kunderd Gladioli and when my friends enthuse over them as much as I do and you hear them talk about the beautiful bouquet of glads every time we meet, I think my best bet is to place the above order with you and be prepared when they come to see me this summer."

Sincerely,

Raymond S. Hood,

KUNDERD'S FAMOUS MIXTURES

AN ENDLESS ARRAY of GORGEOUS COLORS
GLADIOLI for the THRIFTY!

GLORY MIXTURE

Kunderd's Glory Mixture is generally acknowledged as the leader among mixtures. It contains a very well balanced assortment of the choicest of the large flowering, plain and ruffled petalled types of gladioli. Every color and hue is blended together to make as nearly as possible the perfect mixture. Shipped prepaid.

10 bulbs 50c.
100 bulbs \$3.00 25 bulbs \$ 1.00.
1000 bulbs \$22.00.

A Word About Our Mixtures

Do not confuse these mixtures with those that are made up specially for orders from overstocked named varieties. Ours are all grown in mixture form in the fields. Each year we add many new kinds so the mixtures are constantly being improved. Being field grown mixtures, we, of course, cannot pick out certain colors. There are thousands of varieties being grown in these mixtures and they present a very lovely picture with their exquisite blending of colors. Everyone who visits our farms at blooming time and sees these fields of mixtures is impressed with the beauty and superb blending of colors.

WONDER MIXTURE

This is by far the best mixture ever offered to the public by any grower. It contains an excellent assortment of colors of the large flowered, ruffled and plain petalled types. You will also find a number of the larger and better Grandiflora Primulinus. The Wonder Mixture has many of the newer introductions in it which makes it ever so much more attractive. Shipped prepaid.

10 bulbs 60c.
100 bulbs \$3.75 25 bulbs \$ 1.25.
1000 bulbs \$27.00.

ORCHID MIXTURE

This name has been given to our most highly improved mixture of the grandiflora primulinus type. This name was inspired because of the butterfly or orchid resemblance. The Orchid Mixture comes primarily in yellows, orange, saffron, copper, and the delicate pastel shades, in a wider range of colors than in any other Primulinus Strains. This type of gladioli lend themselves very graciously to the more delicate floral arrangements. Shipped prepaid.

10 bulbs 50c.
100 bulbs \$3.00. 25 bulbs \$ 1.00.
1000 bulbs \$20.00.

BABY GLAD MIXTURE

This mixture contains only the small type gladiolus. There are both the upright kinds that is, those whose blooms are upright as in the upright lilies; and the laciniated kinds, those whose petals are laciniated or cut edged. The most of them are small in size, but will prove beautiful, interesting, and valuable for dainty floral pieces and charming flowers for rockeries, borders, etc. If you are interested in gladioli that are really different you should by all means order some of these. Shipped prepaid.

PHLOX

"Dazzling"—Yes, that's the word which most nearly describes the newer Phlox — for they truly are dazzling. Planted in the perennial border or in a separate bed by themselves, they make a showing which adds much grace and charm to the garden. The splendid range of outstanding colors makes them all the more desirable.

EASY TO GROW

Phlox succeed well in most any sunny position. A little extra attention in the way of judicious pinching back and cutting off the faded flowers will make it possible to have a continuous succession of bloom until frost. Water copiously during blossoming season.

PEONIES

Priceless Gems for Your Garden

YOU CAN GROW GLORIOUS PEONIES LIKE THESE

Peonies like those shown here command instant attention in the garden. You can grow them just as fine. They require little care and can be grown successfully anywhere except the warm sections of the country. For best results peonies should be planted quite shallow — that is the crowns should not be covered with more than two inches of soil. Deeper planting usually results in their failure to bloom. All peonies sent are standard 3 to 5 eye divisions of the very finest quality.

October 20, 1934.

"Received the Peonies and was sure pleased with them. I have bought lots of Peonies from other places but you send the nicest plants I have ever received any place, and I thank you for them."

MRS. ED. DALEY,
Ft. Madison, Ia.

The largest flowers of the summer garden. Gorgeous when in bloom, July to September. Grow 3 to 8 feet tall with spreading branches. May be planted either among or used as a substitute for shrubs.

Our Hibiscus are not the ordinary kinds, but have been produced from the finest strains available. The collection contains the very choicest of mixed seedlings in all shades of pink; some pink with red throats; white with red throats, pure white; red; and an occasional cream colored one.

Order them NOW for spring planting. Shipped Collect for Transportation Charges.

6 HARDY CHRYSANTHEMUMS

\$1
Postpaid

Late blooming qualities make them most desirable. They flower profusely even after frosts. Be sure to plant hardy Chrysanthemums in your garden. Protect for the winter with two inches of straw or some other loose material, not leaves, as these pack too tightly and will smother the plants. Each of the plants offered in this collection are a different variety, but not labeled. They are all very high grade, and we know they will be most pleasing.

NEW WONDER LILY (Philippinense Formosanum)

The name "Wonder Lily" is most fitting, for this lily really is a "Wonder Lily." It is truly remarkable in every respect, beautiful in the garden and excellent as a cut flower.

Flowers are white, but the color on the outside of the petals varies like in the Regal Lily, that is, from pinkish brown, or brownish backs to clear white. The throat is about the same color as our well known Easter Lilies.

The plant itself is everything to be desired. It is strong and very erect and the stems are thickly clothed in very long leaves. The spread of the leaves oftentimes measures twenty inches.

It is a continual bloomer, sending out new spikes which bear the long, trumpet-shaped, wax-like flowers — blooming continues until stopped by frost.

Majestic REGAL LILIES

There has perhaps been more good things said about the Regal Lily than any other lily in cultivation today. It is magnificent. The throat is flushed with yellow, shading to white at outer edges; externally, the flowers are brown or pink on "ribs" shaded through the almost translucent petals with a delightful pearly tint; the contrast between the rich wine or pink color on the reverse of the petals and the gold shading of the throat is extraordinary and beautiful. One customer reports 39 buds on one stalk. You, too, can grow beautiful specimens. A planting of Regal Lilies in your garden is indeed a real treat.

Lovely as Orchids

Every garden must have Iris. The popularity of this flower is easy to understand. They are so beautiful, coming in varied forms and in a wide range of color combinations from white and pale lavender to deep purple, bronze and maroon. It's no wonder they are referred to as "the poor man's orchid". Then too, they are inexpensive. Most of them will bloom next year and by the following spring they will have increased so they will make a gorgeous showing.

PINK AND RED TONED IRIS

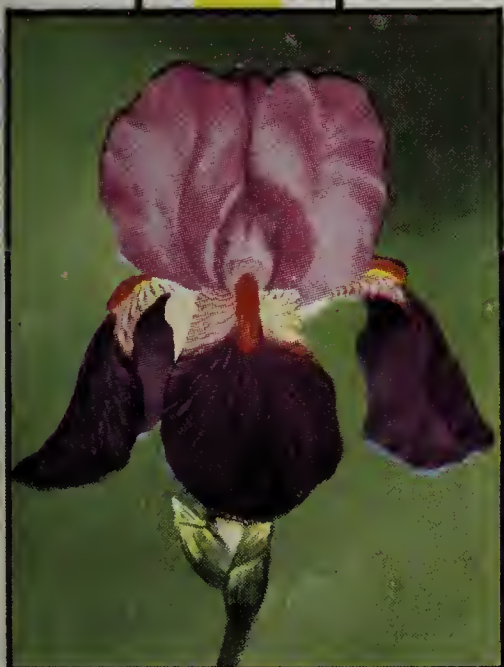

Iris — just pink and red toned kinds. Sounds interesting, doesn't it That, folks, is just what it is. These pink and red toned Iris get a lot of attention, for they are without doubt the most fascinating colors in Iris. You should by all means have a planting of them to liven up some of those locations in your garden where more color is needed. We offer you one each of the 10 varieties all labeled for \$1.00 prepaid.

SIBERIAN and SPURIA IRIS

These beautiful members of the Iris family create much interest whenever shown. They bloom along with the last of the tall bearded Iris. The flowers are very dainty on their slender stems. In the garden they excel for landscape purposes, and as cut flowers they are exquisite. Grow well in the sunny border or in partial shade, and are especially desirable for the edge of the pool. Plant quite deeply and feed liberally. All six varieties are named kinds, and they will be individually labeled for identification.

Named varieties listed on following page.

KUNDERD'S QUALITY IRIS

In the description of the Iris, the letter "F" indicates Falls and "S" Standards. All Iris orders reaching us by April 1st, 1936, will be shipped in the Spring. Orders received after that date will be scheduled for delivery after July 15th. If there are any Iris in which you are interested that are not listed, write us. We have very large stocks of Iris but are only able to offer a limited quantity here. Our stocks are of excellent quality, and we are certain our prices are very reasonable. We will appreciate your orders and will accord them our best attention.

ORIENTAL POPPIES \$1 3 Blooming Size Roots for only Postpaid

The Oriental Poppy is the "tops" when it comes to selecting a flower for real stately beauty. These gorgeous flowers, in their striking colors, remind us of the richness and splendor of the East. Bold masses of these majestic beauties, with their large flower cups, produce a picture long to be remembered. They bloom with the earliest peonies, growing to a height of from 2½ to 4 feet. They do well in any open, sunny position in good, deep, loamy soil. Your garden is incomplete without some Oriental Poppies. All three varieties will be labeled for identification, and here is what we send: LULU A. NEELEY — the best red oriental poppy. Introduced at \$25.00 each and sold recently for \$5.00 each; WURTEMBURGIA — the largest variety grown. Very deep red; MRS. PERRY or EDNA PERRY — both are very lovely pinks. As these are field grown plants, shipments will be made in August, as they are dormant at that time.

SWEET WIVELSFIELD 9 Plants Prepaid \$1

These hardy flowers were produced by a cross of Dianthus Allwoodii and Sweet William. Distinct in habit and freedom of growth. Height 9 to 12 inches. Has the habit of the Sweet William, but the flowers are larger and it continues to bloom until frost. An excellent addition for the garden.

CAMPANULA 9 Plants Prepaid \$1

Campanulas or Canterbury Bells possess rare beauty with bell-shaped flowers in lovely colors; white, rose, and lilac. Plant in full sunlight and do not crowd in beds. They like a good, rich soil, and in the spring a little fine manure and some bonemeal should be dug around each plant. The started field grown plants we offer are of excellent quality and heavily rooted so when planted in your garden they will continue their growth and give fine results this season.

PYRETHRUM

Pyrethrums or Painted Daisies as they are better known produce showy flowers, of all shades of color, except blue and yellow, all through the summer but more especially in May and June. Grow 18 to 24 inches high, in neat compact tufts. Fine cut foliage with long flower stems make them most desirable for the garden or cutting.
